## About N.I.S.R

Neuronet Institute of Skill Education and Research (N.I.S.R) is a premier institution dedicated to advancing skill education, professional training, brain development education, and applied research. Established with the vision of creating future-ready professionals, N.I.S.R equips learners with industry-relevant knowledge, practical competencies, leadership qualities, and digital skills required to succeed in a rapidly evolving world.

Our academic programs bridge the gap between education and employability by integrating innovation, technology, and experiential learning. From teacher education and brain development programs to business management, artificial intelligence, digital technology, hospitality, and other career-focused professional courses, N.I.S.R provides a comprehensive learning ecosystem that empowers learners with practical skills and professional excellence.

At N.I.S.R, we believe that education is more than acquiring knowledge; it is about developing skills, confidence, character, and ethical values. Through quality training and continuous innovation, we strive to transform potential into excellence and create professionals who make a meaningful impact on society.

N.I.S.R is a Skill Education body registered under the Ministry of Corporate Affairs (MCA), Government of India, committed to maintaining high standards of quality, transparency, and institutional excellence. The institute is supported by key statutory registrations and quality credentials, including ISO Certification, NITI Aayog, MSME, and other applicable recognitions, reflecting our commitment to credibility, quality assurance, and professional standards.

## Our Vision

To be a globally recognized centre of excellence in skill education, research, and innovation, empowering individuals to become competent professionals, ethical leaders, and lifelong learners who contribute to sustainable growth and social transformation.

## Our Mission

To advance skill education through innovation, research, and industry-oriented learning, empowering individuals with knowledge, practical competencies, and ethical values. We are committed to developing future-ready professionals, inspiring lifelong learning, and creating a positive impact on society through excellence in education and leadership.

## Message from our Board

### Message from the Governing Council Chairman

I am honoured to be associated with the NeuroNet Institute of Skill Education and Research (N.I.S.R) as the Chairman of its Governing Council. N.I.S.R's commitment to skill education, research, innovation, leadership development, and lifelong learning reflects its vision of empowering future-ready professionals.

I am confident that N.I.S.R will play a significant role in supporting India's vision of a skilled, innovative, and knowledge-driven nation. I extend my best wishes to the entire N.I.S.R family for continued success in our mission.

15<sup>th</sup> July 2026

Dear Adv. Junaid Kaippani,

Governing Council of the NeuroNet Institute of Skill Education and Research (NISR)

the nation. I am confident that the Institute will make a meaningful contribution to  
empowering future generations and advancing national development.

It gives me great pleasure to accept your invitation to serve as the Chairman of the  
Governing Council of NISR.

and commitments, particularly as the Chief Commissioner, Bharat Scouts and Guides  
NISR. I shall be pleased to extend my guidance, advice, and support whenever  
required and whenever my schedule permits.

I accept this responsibility with the clear understanding that this honorary position  
shall not entail any financial obligation, liability, or commitment on my part, nor shall I  
be held responsible for any financial matters or transactions of the organization.

I wish NISR every success in achieving its vision and mission, and I look forward to  
contributing, within the limits of my availability, to the growth and development of this  
important institution.

With my best wishes.

Yours sincerely,

(G.R.SINDHIA)

Res.: #685/A, 100 Feet Ring Road, J.P. Nagar, 2nd Phase, Bengaluru - 560 078.  
Ph.: +91-80-26586725 / 26582711, email: pgsindhia@gmail.com

### Message from the Chairperson

At the NeuroNet Institute of Skill Education and Research (N.I.S.R), we believe that every learner has the potential to achieve excellence when provided with the right guidance, opportunities, and learning environment. Our commitment is to nurture confident, ethical, and future-ready individuals through quality skill education and lifelong learning.

We welcome every learner to be part of the N.I.S.R family and join us in creating a future where skills empower individuals and education transforms lives.

**Saritha P. Biju**  
Chairperson  
Neuronet Institute of  
Skill Education and  
Research (N.I.S.R)

### Message from the Executive Director

In today's rapidly evolving world, knowledge alone is not enough. Success demands practical skills, innovation, adaptability, and continuous learning. At N.I.S.R, we are committed to delivering industry-oriented education that empowers learners with the knowledge, competencies, and confidence needed to excel in their careers and contribute meaningfully to society.

Together, let us build a future where education inspires innovation, skills create opportunities, and learning transforms lives.

**Adv. Junaid Kaippani**  
Executive Director  
Neuronet Institute of  
Skill Education and  
Research (N.I.S.R)

## Our Featured Course

### Neuronet Abacus Teacher Training Course (N.A.T.T.C)

Build a rewarding career as a certified Abacus & Mental Arithmetic Trainer with the Neuronet Abacus Teacher Training Course (N.A.T.T.C) offered by the Neuronet Institute of Skill Education and Research (N.I.S.R). This comprehensive program is designed for educators, aspiring teachers, entrepreneurs, homemakers, graduates, professionals, and anyone passionate about developing children's cognitive abilities through the Neuronet Abacus System. The course combines academic knowledge with practical training, enabling participants to confidently teach children using modern abacus methodologies. It covers mental arithmetic, brain development, classroom management, child psychology, teaching strategies, and learner assessment. Upon successful completion, participants receive the N.I.S.R Certificate and may explore opportunities as an Abacus Teacher, establish an Authorized Neuronet Abacus Training Centre, or conduct professional abacus training programs.

  
**NeuroNet**  
Edu Solution

## Neuronet Abacus Program for Children

N.I.S.R also offers a 6-Level Neuronet Abacus Program, a scientifically designed brain development program specially designed for children aged 5 to 14 years.

The program enhances concentration, memory, creativity, imagination, logical thinking, listening skills, confidence, and calculation speed through a structured learning approach.

Classes are available in both Online and Offline modes under the direct supervision of experienced trainers. Children from anywhere in the world can enroll and learn through our interactive online learning platform.

Join N.I.S.R and unlock your child's true learning potential through the power of Neuronet Abacus.

## Diploma in Communicative English Teaching (DCET)

Develop the skills to teach English with confidence through practical, learner-centred methods. This diploma equips aspiring and practicing educators with modern communicative teaching techniques, lesson planning, classroom management, and language development strategies for effective English instruction.

## Communicative English Program for Children

A fun and interactive English language programme designed to improve children's speaking, listening, reading, writing and communication skills. Through activity-based learning, the programme builds confidence, vocabulary, pronunciation, and real-life conversational abilities from an early age.
